

CINIUM PROJECT ACCOUNTING SERVICES

We take back office work out of your hands so you can focus on what really matters...

Getting the Job Done

Say goodbye to stalled projects, late vendor payments and inaccurate accounting. Our Project Accounting services keep your projects running smoothly, pay your vendors quickly, and ensure no penny goes to waste. We offer a range of customizable services, including:

Project Support Services

- ✓ ***AIA Billing Issues Support***
- ✓ ***Project Manager/ Owner Communication Support***
- ✓ ***Change Order Submission Strategies***
- ✓ ***Risk Management Support***
- ✓ ***Claims Prevention Strategies***

Financial Support Services

- ✓ ***Accounts Receivable Tracking***
- ✓ ***Accounts Payable Processing***
- ✓ ***Discounted ADP Payroll Services***

You will have a team dedicated to your project from start to close out. With team members averaging more than 20 years of experience in the construction industry, you can rest assured that we understand your business. Throughout the process, we make sure no money gets away from you by carefully reviewing your invoices for inaccuracies or overbilling and submitting your change orders on time. Our services are fully customizable to your needs, with extended back office and backup paperwork options available. Best of all, the benefits of Project Accounting continue beyond the length of your project. Our Project Accounting program can help contractors with credit issues or troubled finances stabilize their business and increase their credit rating.
